In Betsch India the charges on account of the Railway Police at the time of construction of the Railway are borne by the State and not by the Railway admn. On this principle assuming that the stricken Harsan - Mysore Railway, which though constructed by the State, is a commercial concern, the charges on account of the Police force now recommended will have to be met from the Police Budget and not from the Railway Budget

III 1897 for Secy

Police 0897 (5 Pkts.)

From

Dewan Bahadur C. Srikantesvara Aiyar, B.A. B.L.,
Inspector General of Police in Mysore.

To

D. M. Narasinga Rao, Esqr., B.A. B.L.,
Offg. Secretary to the Govt. of H.H. the Maharaja
of Mysore, General and Revenue Departments.

Sir,

I have the honour to state that the construction work of the Mysore - Hassan - Arsikere railway having commenced, a large number of workmen, nearly 8,000 strong, consisting chiefly of suspicious waddars or other foreign gangs, are expected to camp all along the line under construction in batches ranging from 100 to 300 each. A large number of such coolies of various shades of character have already arrived and now been working in the Hassan and Mysore Districts. The Deputy Commissioners of these Districts point out that these gangs should be very carefully registered and watched from the commencement. It is impossible to tack on this additional work of a special nature likely to last for a very long time and over a line nearly 100 miles long, to the already undermanned District Police, who at the same time have their own arduous duties to perform.

2. Since the advent of these cooly gangs into the Districts, within the last four weeks, the Deputy Commissioner of the Hassan District reports that there have been three road dacoities in the neighbourhood of Hassan, suspected to be the work of some of these coolies. To safeguard the peace of this tract of the country and give adequate protection to the travelling public and the trade, as well as to prevent large batches of these gangs from running

away with large advances outstanding against them, much to the prejudice of the work and Government interest, I have to request that a temporary police establishment consisting of 6 Duffedars and 25 constables, at the rate of 1 Duffedar and 4 constables for every 15 miles, at a monthly cost of Rs. 311 per mensem, or Rs. 3,732 per annum, as per proposition statement enclosed, may kindly be sanctioned, as early as possible. The cost of clothing for this temporary establishment will be about Rs. 826/8/0 per annum, which has also to be sanctioned, since it is not possible to meet this extra cost from the ordinary budget allotment for clothing.

3. Very early orders of Government are solicited, special provision being made for this purpose, debitable, if need be, to the Railway construction charges.

4. Especially in view of the prevailing seasonal conditions, special precautions are necessary, and so the District Officers are anxious to have their hands strengthened as quickly as possible.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector General of Police.
